

## Sherpascope Work Platform

- ◆ Sherpascope Work Platform's anti-cut design significantly reduces the risk of injury when handling the product.
- ◆ Guardrail system includes an automatically closing gate, providing the user with 360° protection from falls
- ◆ Height adjustment is based on a gravity latch located at the level of users hands
- ◆ Stabiliser legs feature a telescopic mechanism that allows them to be used on uneven surfaces; when opened the stabilisers face inwards towards the platform thus optimising its stability in use.
- ◆ Large-area work platform 600 x 420mm
- ◆ compact dimensions when folded, therefore easy to transport and store.
- ◆ Replaceable 2-component plastic end caps ensure positioning without risk of slipping
- ◆ Prevention of toppling from the front, rear & sides
- ◆ Standard: NF P93-352 certified
