

TB DAVIES STEPMOBILE

125kg
LOAD CAPACITY
 (Load includes user,
 Tool, Materials etc)

Product Description

Steel narrow aisle step, widely used in office, library and archiving environments. Strong sprung casters lock and hold in place when weight is applied. The zero turning circle makes them easy to manoeuvre in tight spaces. Long double handrails and guard railed top tread provide extra assurance for users.

Features

- Spring loaded swivel castors retract when weight is applied
- Dome covers have high grip rubber wrap-around bumpers
- Effortless manoeuvrability
- Safe 280mm deep anti-slip ribbed treads
- Platform size 280mm x 380mm
- Continuous hand and guardrail for safety
- Robust tubular steel construction
- Hard wearing powder coated finish in a choice of colour

Specification

- Brand: TB Davies
- Warranty: 5 year
- Material: Steel

Common Dimensions

- Rung Depth: 205mm
- Handrail height: 670mm

Product Code	No. of Treads	Platform Height	Safe Working Height*	Height	Width	Depth	Weight
2010-002	2	0.508m	2.108m	1.185m	0.58m	0.615m	12kg
